[1]Average daily attendance as a percentage of FTE net enrolment. Since 1968/69, percentage of attendance is total actual attendance as a percentage of total possible attendance.
[2]The total expenditure for public schools was borne by the Government.
[3]Excluding unknown expenditure made for incidental expenses in city school districts.
[4]Since 1922/23 this amount includes the annual grant from the Government to the provincial universities and since 1963/64 to school district and regional colleges.
[5]Since 1955/56 this amount is exclusive of capital expenditures from by-law funds.
[6]The numbers of teachers reported from 1966/67 on include district-wide teachers with supervisory and administrative duties. These district-wide teachers were excluded from this table prior to 1966/67.
[7]Since 1973/74 the number of teachers is reported as of September 30 rather than June 30.

Note: 1 Data for the Academic/Technical areas represent snapshot data (enrolments reported for one day during the year), while vocational data represent the total number of students enrolled at any time during the year.

2 Indicates a preliminary or estimated figure.

3 These figures do not include part-time vocational enrolments, which are not available.
